This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

MOUNT HOPE CEMETERY.

Mount Hope Cemetery is situated in the Dorchester District about 5 1-2 miles from the City Hall. It originally contained eighty-four and three-fourths acres, and was set apart for a Cemetery by individuals who were incorporated under powers given by the Revised Statutes, November 10, 1851, and was consecrated by appropriate ceremonies June 24, 1852. Sales of four hundred and twenty-seven lots were made by the Company and improvements were in progress from year to year. By deed, dated July 31, 1857, it was conveyed to the city for the sum of $35,000. In 1863 the city purchased an additional lot of twenty acres, on the northerly side, for $14.000, so that the Cemetery comprises at the present time an area of over one hundred and four acres. The proceeds of sales of lots are paid into the City. Treasury, kept separate from other funds of the city; and, under the direction of the Trustees, expended in improvements of the Cemetery.

From the first of May to the first of November the present year, conveyance to the Cemetery can be had by the cars of the Boston and Providence Railroad, which leave Boston at 10.10, 11.30 A. M., and 2.40 P. M., and by the cars of the Old Colony and Newport Railroad, which leave Boston for Mattapan at 1 P. M., and by the Forest Hills horse cars, which leave Boston at 11 A. M., 2 and 3 P. M. Returning, the Cemetery coach will connect with the steam cars of the Providence Road for Boston at 11 A. M., 2.15, 3.53 and 5.19 P. M., and the horse cars from Forest Hills at 11 A. M., 4 and 5.30 P. M., and the steam cars of the Hartford and Erie Road at 1.08 P. M., and the Old Colony Road at 4.40 P. M.

Besides the natural beauty of the grounds, and the art which has improved and embellished them, there are several objects of interest to invite visits from citizens and strangers to the Cemetery. Its location is in one of the most attractive valleys of Eastern Massachusetts, and the landscape view secured by its highest elevation can hardly be surpassed in the vicinity. The floral display at the proper season has been pronounced by competent authority unequalled by that of any Cemetery in the neighborhood of Boston. The Army and Navy Monument, erected to commemorate the heroic dead of Boston in the great struggle for nationality, is regarded as one of the most chaste and successful of the many similar structures that have been erected. The Odd Fellows' Memorial, about to be erected, and a beautiful artificial lake now in process of construction, will soon add their attractions;

while the numerous private monuments, with the many sylvan retreats and shaded avenues, already make this Cemetery one of the most soothing to the finer feelings, of the many " gardens of the dead " with which the vicinity of Boston now abounds.

The office-building recently erected near the main entrance to the Cemetery, contains a waiting-room sufficiently commodious for holding funeral services.

MANAGEMENT OF THE CEMETERY.

By the Ordinances of the City of Boston, the management of Mount Hope Cemetery is vested in a Board of seven Trustees, of which the major part is elected annually, in the month of January. Four of the Board are chosen from the citizens at large, one is a member of the Board of Aldermen, and two members of the Common Council. Each of the Trustees is subject to removal from office by the City Council, for cause. The Board chooses a President from its own number, and a majority constitutes a quorum for business.

The Board has the sole care, superintendence and management of the Cemetery.

The Board is authorized to take and hold any grant, donation, or bequest of property, upon trust; to apply the same, or the income thereof, for the improvement or embellishment of the said Cemetery, or for the erection, repair, preservation or renewal of any monument, fence or other erection, or for the planting or cultivation of trees, shrubs or plants, in and around any lot, or for improving the said premises in any other manner or form consistent with the purposes for which said Cemetery is established, according to the terms of such grant, donation or bequest.

The Board of Trustees urgently invite the attention of the proprietors of lots to the importance of making provision for the permanent care of the same. For the sum of one hundred dollars deposited with the city, a Bond will be given for the perpetual care of any lot containing not more than three hundred square feet. Larger lots will require the deposit of an amount sufficient to provide for the quantity of land contained in such lots.

The annual care of lots can also be secured by an order directed to the superintendent, the price being regulated by the size of the lot and the amount of labor required.

He shall have power to remove from the Cemetery improper and disorderly persons, to abate nuisances, and to remove rubbish and unnecessary incumbrances. He shall keep, in books provided for the purpose, regular and accurate records of all interments, including the names and ages of the persons interred, and the place and date of their interment; also, of all monuments erected, and lots enclosed and improved. Also, of all moneys received or disbursed by him, whether for wages, fees, improvement of lots, sales of any kind, purchases made, or services rendered. On the first day of each month, or oftener, if required by the Trustees, he shall render to the Secretary copies of said accounts, with proper vouchers, and pay over to him all moneys remaining in his hands. He shall also render to the Secretary on the first day of each month a statement showing the number of interments made for the preceding month. The compensation of the Superintendent shall be a salary, to be fixed by the Trustees, and the use of the dwelling-house connected with the Cem-

etery, and no other perquisites; and he may be removed for cause by a vote of the majority of the Board.

COMMITTEE ON ACCOUNTS.

ART. 5. The Committee on Accounts shall consist of two Trustees. They shall act as auditors, and examine and satisfy themselves of the correctness of all the accounts rendered by the Secretary, Superintendent, Committees, or others connected with the Cemetery. And all bills payable on account of the Cemetery shall be endorsed as correct by one of the Committee on Accounts, and submitted to the Board for their approval.

COMMITTEE ON GROUNDS.

ART. 6. The Committee on Grounds shall consist of three Trustees. They shall have the general charge of the grounds, trees, avenues and paths in the Cemetery, with power to make such alterations, repairs, and improvements therein as they shall deem expedient. But no avenues or paths shall be changed in situation without a vote of the Trustees.

also of all questions of right between individual proprietors or between proprietors and the officers of the Cemetery. No transfer or conveyance of land shall take place without the approval of a majority of the Committee. The Committee on Lots shall have power, subject to the concurrence of the Trustees, to contract with any proprietor for the repair of his lot; and shall see that the contract is duly executed.

COMMITTEE ON INTERMENTS.

ART. 8. The Committee on Interments shall consist of two Trustees. They shall superintend the general subject of interments, and see that they are made in conformity with the laws of the Commonwealth and the rules and regulations of the Cemetery. They shall from time to time inspect the records and accounts of the Superintendent relative to interments and see that the same are properly kept.

INTERMENTS.

ART. 9. No interment shall be made at Mount Hope until such a permit as may be required by the laws of the State, or of the city or town from which the deceased may be brought, together with an order from the proprietor of the lot in which the interment is to be made, or from his legal representative, shall be presented to the Superintendent; *nor until the fees have been paid.*

No deed of any lot shall be issued to more than one grantee, nor to any person as trustee, executor, or administrator, except by vote of the Trustees.

ART. 14. Lots for tombs may be sold in places approved by the Trustees, and at prices fixed by them. Such tombs shall be constructed in a strong, tight and durable manner, and shall be in every part to the satisfaction of the Committee on Lots.

RECEIVING TOMBS.

ART. 15. Bodies may be deposited in the receiving tomb, on payment of Ten Dollars to the Superintendent. If, within four months after such deposit, the body shall be interred in another part of the Cemetery by the friends of the deceased, no further charge shall be made for such interment; but if the body shall not be removed from the tomb within the period above specified, the Superintendent may cause the body to be interred in such place as shall be designated by the Committee on Interments. But if the friends desire further delay, the Superintendent, under the direction of the Committee on Interments, may allow the body to remain a longer time (not exceeding four months), on the payment of One Dollar per month in advance.

ART 16. Proprietors have a right to erect on their lots, fences, monuments and stones of appropriate character. Fences, tablets, or other devices of wood

are not permitted. Evergreen hedges, of small or moderate size, are allowed.

ART. 17. No grave or tomb shall be opened for an interment or removal by any person except by order of the Trustees or Superintendent.

FUNERALS.

ART. 18. Early notice of funerals should be given to the Superintendent at the Cemetery, who will make all the arrangements for the interment.

OMNIBUSES, TEAMS, CARTS, ETC.

ART. 19. No teams or carts (except those used on the grounds) or omnibuses will be allowed to drive into the Cemetery without a special vote of the Trustees.

ALTERATION OF BY-LAWS.

ART. 20. No addition to or alteration in the By-Laws shall be made at the same meeting at which it is proposed, nor unless adopted by a vote of the majority of the Trustees.

RULES AND REGULATIONS TO BE OBSERVED IN THE CEMETERY.

1. The Superintendent will receive visitors at all seasonable hours.

2. No person in the employ of the Superintendent is allowed to receive money for services rendered to visitors.

3. No horse is to be driven within the Cemetery faster than a walk, and no horses can be left in the grounds without a keeper, unless fastened to posts provided for the purpose.

4. All persons with fire-arms, or REFRESHMENTS, are prohibited from entering upon any part of the Cemetery grounds.

5. All persons are prohibited from writing upon, or otherwise defacing, any sign, monument, fence or other structure.

6. All persons are prohibited from gathering flowers, cutting or breaking any tree, plant or shrub.

7. Visitors will not be permitted to walk on the flower-beds, or upon the graded lots or borders.

8. All noisy and disorderly persons will be expelled from the grounds.

9. The Superintendent has the care of the Cemetery, and is authorized to remove all persons who violate these regulations.

10. Trespassers are liable to be fined, as provided by law.

11. Smoking is strictly prohibited in any part of the Cemetery.

12. No monumental works will be permitted to be erected in the Cemetery without a good and sufficient foundation, to be approved by the Superintendent.

N. B. Trees, shrubs and plants will be furnished to visitors by the Superintendent, at moderate charges.

SUGGESTIONS TO LOT-OWNERS AND OTHERS.

The fourth clause of the deed of possession requires that the number of every lot shall be "legibly and permanently marked," at the expense of the proprietors. As those numbers can only be "permanent," that are made of iron, slate, stone or other

imperishable material, proprietors whose lots are marked with *wooden* numbers are requested to substitute such indestructible material without delay, — patterns of which can be seen and ordered at the Cemetery.

Lot-owners, not original purchasers, but who have received their lots by transference from former owners and whose names have not been substituted for such former owners on the records of the Cemetery, are requested to take their deeds of possession to the Secretary of the Board, in order that such substitutions may be accurately made.

It frequently occurs that messages are sent to the Cemetery requesting graves to be opened adjoining or near the graves of persons previously interred. Where graves are not designated by stones, or otherwise, it will be impossible, in process of time, to comply with the directions thus given, unless some system designating every grave be adopted. It is recommended, therefore, that every lot-owner make a drawing of his lot on a blank page of his deed, and record on it every interment with name and date. Upon the occurrence of future interments, let a transcript of this map, with the place marked where the grave is desired to be opened, be duly sent to the Cemetery. In this way every difficulty will be obviated and an interesting family record will be made and preserved for future generations.
